```

A diagram showing a relationship between a class and a thread control state. On the left, a gray rectangular box with a black border contains the text 'RGBPoller'. A blue arrow points from the right side of this box to a larger white rectangular box with a black border on the right. This second box contains two lines of text: 'ca.mcgill.ecse211.threads.' on the top line and 'ThreadControl.isStarted' on the bottom line.
